Urgent Release 10/02

Children Suffer Tremendous Loss At The Hands Of Muslim Terrorists

Dr. Daniel Daves

Children in Southern Philippines need our immediate help and prayers! The wake of terror in Southern Philippines Mindanao Island (*province of Zamboanga*) has left many children hungry, needy and orphaned. As you may have heard, American missionary Martin Burnham was killed and his wife seriously injured in a rescue attempt, after a full year of captivity by muslim Abu Cyef guerillas. These guerillas have pillaged villages and left children with no food supply, homes burned, and hope stolen. The senseless destruction of village farmland and the needless life loss of mothers and

fathers has left a terrible wake of horror among the children of Mindanao.

We need to set up 10 emergency feeding programs to help the children.

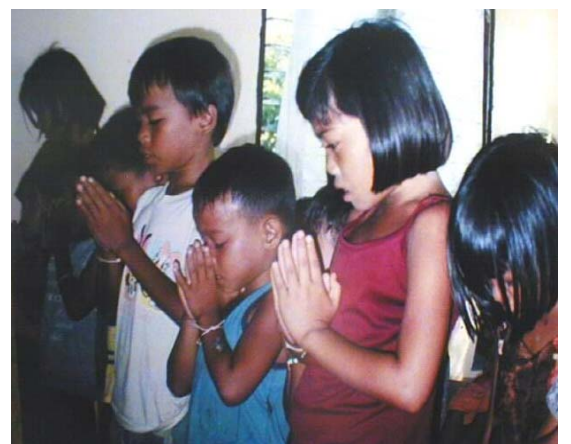

"... a terrible wake of horror among the children."

These feeding programs will provide 4 nutritious meals per week for the children of hard hit villages. Since the Abu Cyef has been misplaced and largely eradicated by the Philippines military, it is now safe to move in and help the children, but we must act NOW!

You can help! We can set up feeding centers, utilizing local civic organizations and the Destiny Center students. Imagine feeding 100 children 4 times per week (1200 meals per month total) for only \$168.00. That is only .14 cents per meal! These children are praying for God to send help! Won't you help?

Martin Burnham, Yap killed; Gracia rescued
